

National Webinar on “Understanding Contemporary Research Methods in Cognitive Science”

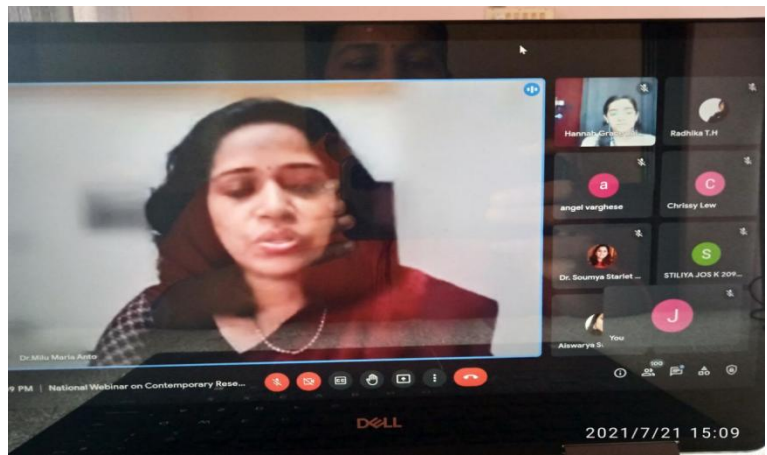

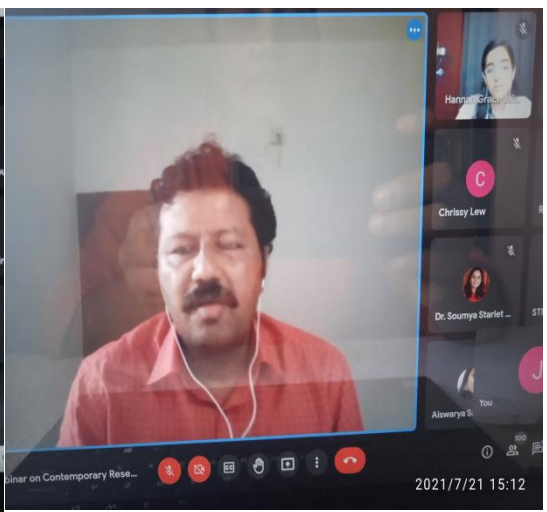

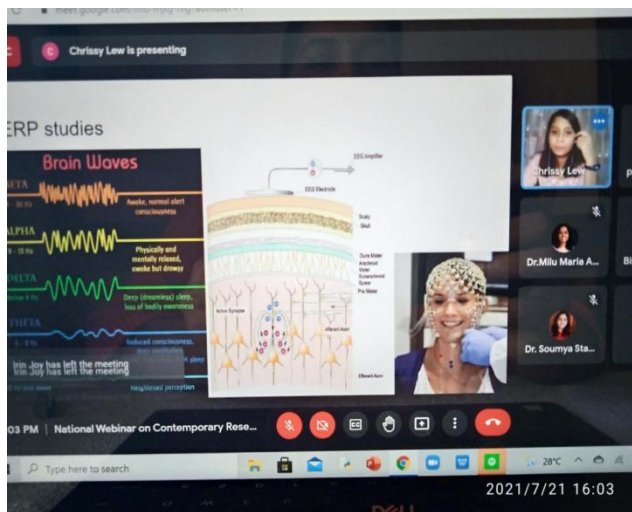

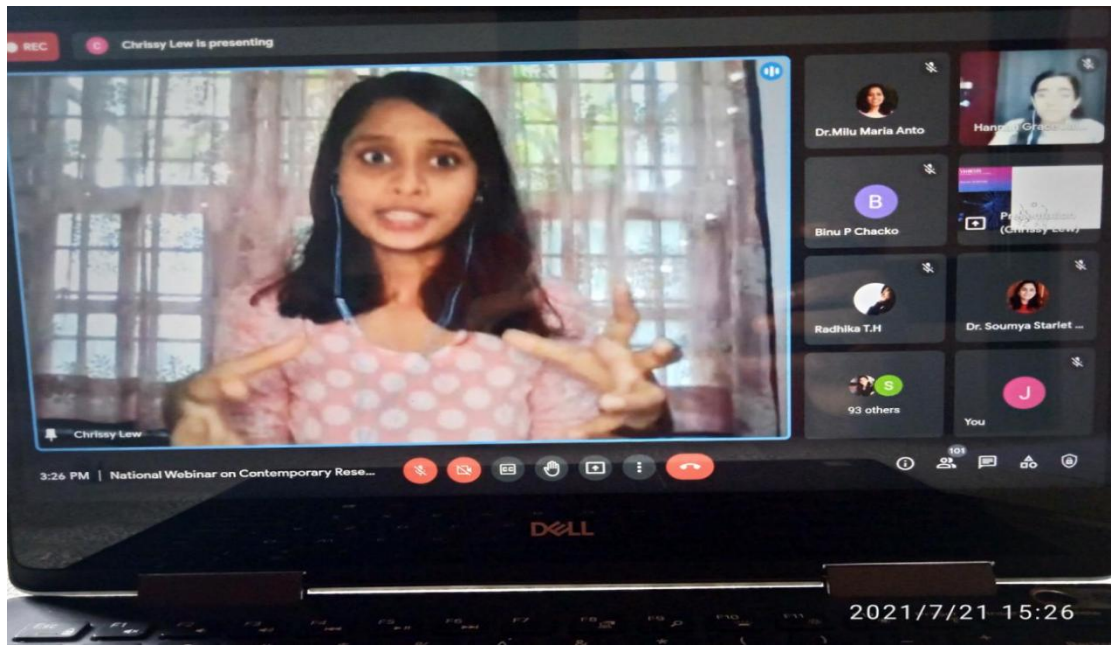

Date: 21 July 2021

Time: 3pm-4:30pm

Platform: Google Meet Online

A national webinar on contemporary research methods in cognitive science was hosted by the Research and Postgraduate Department of Psychology of Prajyoti Niketan College on 21st July 2021 at 3 pm. The webinar was held in Google meet with live streaming on YouTube. The webinar was presided by Dr.Binu P.Chacko, the principal of Prajyoti Niketan College and the resource person was Ms. Christelle Maria Lewis, a junior research fellow at Centre for Creative Cognitive, S.R. College of Engineering, Warangal University, also an alumnus of Prajyoti Niketan College. The webinar was attended by about 100 participants on Google meet and several viewers on YouTube watched it live stream. The participants included faculty, students, scholars from other colleges too.

The program began with a prayer by Ms.Radhika T.H. from III B.Sc. Psychology. The prayer was followed by a welcome address by Dr.Milu Maria Anto, Head of the Department of Psychology. This was succeeded by a presidential address by Dr.Binu.P.Chacko who highlighted the significance of cognitive science as an interdisciplinary field. Following the presidential address, the resource person was introduced to the audience and the main session commenced with the resource person’s presentation. Ms.Christelle Maria Lewis talked about the origin of Cognitive Science as an interdisciplinary area. She also emphasized the methodologies in the field. The role of Psychophysics, Behavioral Data, different techniques such as eye-tracking, Event-Related Potential (ERP), functional Magnetic Resonance Imaging, Trans-cranial Magnetic Stimulation, Animal Studies, that are commonly used in Cognitive Science were also highlighted. The presentation and talk were followed by an interactive session where questions that were raised were cleared by the resource person. The webinar came to an end with a vote of thanks by Dr.Jaya A.T., the organizing secretary of the webinar. The participants were provided with a feedback form link that they could fill to obtain an e-certificate. The presentation by the chief speaker was reported to be comprehensive, detailed, and engaging by the participants. The job opportunities in the field were also enquired about by the participants.
