

GROUP 4 COMMUNITY PROJECT

The topic of the presentation was success factors in academics. The project was presented on 5th July 2022 at 10am in the Assisi hall. The presentation was attended by principal Mr. Binu Chacko, vice principal Mrs. Simi Varghese, head of the department of psychology Mrs. Milu Anto, teachers of psychology department, PhD students, MSc students and 2nd year BSc psychology students. The project discussed about the factors that enable students to excel in academics, tips to make an effective study time table and provide better study strategies for students. The project was presented by team members Anagha Jose and Katherin Solomon of 2nd year BSc psychology. The presentation was concluded with a live Q and A session. At the end of the presentation, team members shared their experiences and teachers shared their feedback. The presentation ended at 11am.
