

## **REPORT ON SCHOOL VISIT**

The first year Msc.Clinical Psychology had visited a school on 2nd March 2022 under the guidance of Dr. Milu Maria. The purpose of the visit was to conduct the academic test on school children along with an orientation class on the concept '*Being The Real You*'.

The school which the student visited was St. Xavier Convent UP school, Pudukkad, Thrissur. The program was oriented in a class of 35 students which was selected by the school teacher. The students of 5th standard welcomed us warmly. The program started exactly at 10:30 am and the introductory part was handled by Ms. Anshida Rinsi. Then a talk about bullying among students and the alcohol addiction was done by Ms. Meenakshi, Haneena, and Divya. While talking about bullying, it was understood that bullying was common among them, they were called by several names and they even had fights. When talking about the alcohol addiction, children raised their hands that they consumed alcohol or wine, which was given by one of the student's parents. They also told us that they had seen elders in public places having alcohol and their fear of reporting it. Later, a craft work of flower was done which was instructed by all the msc students among the 5th standard students. And a conclusory message was given by Ms. Sneha Maria.

At about 12:00pm, the school teacher provided us with random students for testing. About 12:30 the program was concealed and we let the school teacher

and vice-principal know about the follow up session and thanked them for their cooperation.
